

Welcome to 8th Grade

To help make your 8th grade year in Byram a success, we have come up with a list of materials that you will need for each class.

American History:

Our historians will need a 1.5 inch three ring binder with 5 dividers, colored pencils, loose-leaf paper, and an inexpensive calculator to calculate their average.

Language Arts:

Our writers will need a 1.5 inch loose-leaf notebook set up into four sections – grammar, writing, spelling, and homework. They will also need a journal, which could be a single subject or a marble-covered notebook.

Literature:

Our readers will need a 1.5 inch three ring binder. They will also need 5 dividers, blue or black pens, pencils, red colored pen for editing, highlighter(s), pencil case for binder, loose leaf paper, and a marble composition notebook or a single subject notebook.

Math:

Our mathematicians will need a 1.5 inch binder, 5 dividers, pencils, pencil pouch, eraser, highlighter, loose leaf paper, colored pens for correcting, colored pencils and a dry erase marker.

Science:

Our scientists should now realize how important it is to keep an organized notebook. The notebook should be a 1.5 inch three-ring binder. They should also have a package of loose-leaf filler paper, a set of dividers, pens (black or blue), pencils, highlighter, folder with three holes, and colored pencils.

Spanish:

Our linguists will need a three-subject notebook. Each section should be labeled class notes, class work, and warm-up.

We hope you have a safe and happy summer. We look forward to seeing you in September and hearing about your summer vacation.
